Interim Tax Billing

Just a reminder that Interim Tax bills are due on Thursday, February 28th, 2019. Please be advised that tax payments can be made on-line through CIBC. We also accept post-dated cheques and e-transfers.

Road Supervisor/Equipment Operator

On behalf of the Township of La Vallee we would like to welcome Dale Jerry who was hired as Road Supervisor/Equipment Operator.

Thank-You

The Township of La Vallee would like to thank all the individuals who volunteer their time and always go above and beyond to help out when needed.

We would also like to thank Pruys Direct (Mark Pruys) for donating the "Carmody Field" sign at the Ball Park.

Snow Removal

Please be advised that when we receive heavy snowfall, all municipal roads are plowed first and driveways are done the next day. If you are on the "on-call" list and require your driveway to be plowed, it is **important** that you call the first day of snowfall to advise that you would like your driveway plowed. If you wait and call after the equipment has been out doing driveways an additional fee will be required to have the equipment go out again.

Please do not leave snow or bumps on any municipal roadway when plowing your driveway. This is a hazard and you will be billed if a mess is left on the roadway and the roads department has to clean it up.

Fire Permits

You can now purchase your Open Air Burn Permits online by visiting our website or at <https://lavallee.burnpermits.com>. If you don't have an email address you can come into the office and a staff member will gladly help you. If registering online you have the option to pay at that time by PayPal or credit card or you can choose to pay later and come and pay at the Municipal Office. It should be noted that your Burn Permit is not valid until the fee has been paid. You have the option of purchasing a seasonal Recreational Burn Permit for \$10.00 which includes the fire pit, incinerator and/or chimenea or a seasonal General Burn Permit for \$20.00 which includes the fire pit, incinerator and/or chimenea along with brush, grass, debris, etc. Also, you no longer require a burn permit for outdoor wood stoves.
